Jobbeschreibung

Job description

???? Paid Internship Opportunity!

We're thrilled to announce an exciting internship opportunity for motivated students looking to make their mark in the world of IoT innovation. The company is at the forefront of solving environmental challenges with cutting-edge IoT solutions, specializing in miniaturization, long-distance communication, and space-grade electronics. ?????

----- Front-End Developer -----

Explore the world of web development with technologies like PHP, TailwindCSS, and Laravel. Work with design tools like Figma and Adobe Illustrator to bring innovative solutions to life. Ideal for IT/graphics students passionate about creating user-friendly interfaces and improving user experience.

What are we looking for?

- o Ability to work with design tools like Figma or Adobe Illustrator for interface creation.
- o Familiarity with front-end technologies such as PHP, TailwindCSS, and Laravel.
- o Experience with version control systems like GitLab.
- o Passion for creating intuitive, user-friendly interfaces and improving user experience

Informationen zum Auswahlverfahren

Who Should Apply?

Current BA/BSc or MA/MSc students looking to gain practical experience.

Students with an interest in IoT, innovation, tech business and R&D.

Critical thinkers and keen learners who can work independently but are also team players

Die Arbeitsstelle ist auch geeignet für

- Studenten

Angebotene Vorteile

What do we offer?

Flexibility: We understand that you're still in school, so we're flexible with hours but expect +/- 20 per week or more based on your availability.

Impactful Experience: Gain hands-on insights into IoT innovation and R&D. Learn how cutting-edge technology can solve real-world environmental challenges.

Global Exposure: We hold the EU Seal of Excellence and work with over 150 partners across 50 countries, proud to have sent the first Slovak satellite to space! Be part of a company making a real difference on a global scale.

Stipend: Paid internship based on performance and experience with opportunities for professional growth

Merkmale des Unternehmens

Stážista.sk je inovatívny kariérny portál pre vysokoškolákov, ktorý spája slovenských študentov, uvedomujúcich si hodnotu odbornej praxe a túžiacich po profesionálnom rozvoji na Slovensku, so zamestnávateľmi, ktorí im poskytujú príležitosť na získanie odborných pracovných skúseností a oceňujú absolventov s praxou. Vytvárame komunitu stážistov – študentov s pracovnými skúsenosťami, pripravených na pracovný trh budúcnosti.

Chceme priradiť pravú hodnotu slovu "stáž" s jej komplexným prínosom pre vysoké školy, študentov a zamestnávateľov v našej spoločnosti. Pre nás stážista nie je brigádnik. Primárny cieľ

stážistu je získať pracovné skúsenosti vo svojom odbore, naučiť sa a rozvinúť odborné znalosti a zručnosti v praxi. Veríme, že aj vďaka tomuto projektu bude zo slovenských vysokých škôl vychádzať stále viac "stážistov" a CV slovenského absolventa bez relevantnej praxe sa stane minulosťou.
