## Information about job offer

### Job description

Enfer Medical Ltd. is an INAB accredited Laboratory, operating to the ISO:15189 Accreditation Standard. It was established to meet the growing demand for large scale on-island medical laboratory testing services.

The role of the medical scientist is to carry out a range of scientific tests on tissue samples and biological fluids to help clinicians diagnose and treat diseases. You will be expected to work, in co-operation with the Medical Director and laboratory management, as part of a team in the provision of diagnostic laboratory services in accordance with company policies. You will actively contribute to the operation of a quality management system in compliance with ISO15189 INAB standards and co-operate with the Laboratory Manager(s) and with other senior personnel in training staff as required.

The Medical Scientist role will require the candidate to register with CORU: [Apply for Registration as a Medical Scientist - Coru](#) and this involves doing an English test and achieving the equivalent of a C1.
