## Information about job offer

### Job description

Join a project that's not just exciting—it's world-changing! We're looking for talented individuals to be part of something truly remarkable. If you're driven by challenge and the chance to make a lasting impact, this is the perfect place for you. Don't just be a part of the future—help create it.

About FLC:

At Femern Link Contractors (FLC), we are responsible for designing and constructing the immersed tunnel, portals and ramps on both ends of the tunnel, in Rødbyhavn and Puttgarden.

We are also building the facilities for prefabricating tunnel elements as well as accommodation facilities, also known as the "Tunnel village" in Rødbyhavn, which provides housing for FLC workers.

About the department:

Are you an experienced Laboratory Technician looking for a new opportunity? Do you want to work at one of the most significant infrastructure projects? Look no further! As our construction activities in Rødby continue to expand, we are seeking skilled Laboratory Technician to join our team. You will play a crucial role in carrying out all required concrete testing under the supervision of DTI.

Main tasks and responsibilities:

- Perform concrete testing on the construction site in accordance with standards and inspection plans.
- Complete testing output forms for both fresh and hardened concrete.
- Maintain and handle calibrated equipment used during testing.
- Follow safety guidelines established by the HS&WE Manager and Environmental Manager.
- Adhere strictly to instructions provided by DTI's Laboratory Manager and/or Laboratory Supervisor.
- Report any deviations to DTI's Laboratory Manager.

Ak máte záujem o túto pracovnú pozíciu, kliknite na ikonu „POŠLI ŽIVOTOPIS“, vyplňte požadované informácie a pripojte životopis v anglickom jazyku. O ďalšom postupe vás budeme informovať.

EURES poradca: Ing. Ivana Sentpéteryová

E-mail: [ivana.senpeterova@upsvr.gov.sk](mailto:ivana.senpeterova@upsvr.gov.sk)

Telefón: 055/2442 672

### **Benefits offered**

FLC considers transparent management structures, short decision-making channels, and a team-oriented environment to be extremely important. The FLC staff is expected to set themselves targets, achieve them independently, and take responsibility for their actions - irrespective of their position in the company.

FLC offers attractive employment conditions on a Danish contract according to The Danish Salaried Employees Act (Funktionærloven). Pension health insurance and lunch arrangement will be available.

## **Employee requirements**

### **Required education**

- Lower secondary education (vocational)
- Vocational Secondary Education
- Upper Secondary Education
- General Secondary Education
- Higher, Post-Secondary Education

### **Languages**

- English - Advanced: B1 and B2

### **Additional requirements**

- Prior experience in concrete testing.
- Proficiency in the use of calibrated equipment.
- Strong Excel and laboratory software skills.

- Good level of English, both written and spoken.
- Knowledge of Euro Norms and Standards related to concrete testing (an advantage).
