## Information about job offer

### Job description

Join our dynamic global HR technology team as a Senior Workday Configurator. At our company, we leverage Workday for HR since January 2024 to its fullest potential, making us one of the largest clients in the industry. We utilize nearly every module within Workdays HR suite, including Core, Recruiting, Talent Management, Payroll, Leave management, and more. Join us to maximize the business value of the application for streamlining our HR processes, enhancing employee experiences, and driving organizational efficiency.

#### Key Responsibilities:

- Customize tables, fields, and forms to meet organizational needs.
- Define and implement robust business rules, UI policies, and client scripts.
- Configure workflows and approval processes using user-friendly editor tools.
- Design and configure engaging service portals, widgets, and catalog items.
- Collaborate on establishing and managing user roles, groups, and permissions.
- Tailor software solutions or add-ons without the need for custom coding.

#### What We Offer:

- Apply your advanced technical knowledge and expertise in Workday.
- Opportunities for further skill development and advanced software certifications.
- Work in a supportive and dynamic team of experienced professionals.
- Flexibility of remote work, balancing professional and personal life.
- Be part of a diverse, global team that values different perspectives and cultures.

**Working mode**

Single-shift system

**Benefits offered**

Benefits will be discussed during the job interview.

## Employee requirements

**Required education**

- Tertiary Education (Undergraduate|
- Tertiary Education (Graduate)
- Tertiary Education (Doctoral)

**Languages**

- English - Advanced: B1 and B2

**Additional requirements**

Qualifications:

- 3+ years of experience configuring features on the Workday platform with an HR focus (ideal: Workday's recruiting module); 8+ years of experience in a similar industry overall.
- Advanced knowledge of Excel and/or MS 365 (e.g., MS PowerQuery).
- Experience translating client requirements, configuring, and testing accordingly.
- Highly analytical thinking and ability to systematically review various impact scenarios.
- Proficient in English.
- University degree (preferred Masters, preferred Computer Science).
- Relevant Workday certifications are desired.
- Self-sufficient and motivated, able to balance competing items and manage timelines.
- Required flexibility for working hours within the EMEA region.

Workday - Mierne pokročilý
