Information about job offer

Job description

Job description

Main Laboratory Coordinator tasks:

- Oversees the day-to-day operation and maintenance of our forensic science laboratories, ensuring a safe and efficient learning environment for students.
- Plans, prepares and maintains labs, equipment, materials and reagents for the laboratory sessions, ensuring accuracy and availability of inventory using our laboratory management software
- Demonstrates proper experimental techniques to teaching assistants, including theoretical background information for the experiments.
- Ensures clean up and safe disposal of hazardous materials according to all necessary safety guidelines and regulations.

Main Academic tasks:

- Assist in student administration – scheduling, teaching, learning, laboratory procedures, assessment and documentation.
- Contribute to the Academic department's overall administrative tasks, as required.
- Plan, prepare and maintain digital library resources.
- Support in managing ERASMUS + platform and programmes.
- Support in business development and marketing where appropriate.
